Employee Training Pricing

E COM SECURITY® ACADEMY

With academy Cloud, get one central place to manage all learning-related activities. That means you'll spend less time on administration and ensuring effective employee training. Best of all, academy Cloud is easy to use and customizable to the way you work. And because it's all in the cloud, everyone can access academy cloud with just an internet connection — there is no need for expensive hardware or software. With academy Cloud, you can simply add more seats or upgrade to another edition that has more features when your business grows. There's no disruption to your business, because we take care of everything behind the scenes.

"At E Com Security Academy, we blend technical expertise with real life experience."

Choose the learning cloud edition that's right for your business

Course Curriculam	Complete Access	Awareness Bundle	Cyber Skills Bundle
	Unlimited edition gives you access to entire e-learning library of courses that can help foster awareness and build cyber expertise within your teams.
